

TSTC Dual Enrollment Program

Thank you for your interest in Texas State Technical College as your choice for CTE Dual Enrollment! Many of TSTC's Dual Enrollment career pathways result in students earning an Occupational Skills Award (OSA) or Certificate I upon successful completion.

Each of our Dual Enrollment Opportunities listed will indicate one or more of the following program options:

1. **A Dual Enrollment Pathway** which prepare students for matriculation to TSTC after high school graduation and leads into a Level I or Level II Certification or an Associate of Applied Science Degree.
2. **An Occupational Skills Award (OSA)** - an internal TSTC award recognized by industry that results in students having foundational job knowledge and skills to gain immediate employability in an entry level career.
3. **Level I Certificate** - College Credential that allows students to enter the workforce or matriculate to TSTC to complete their Career Path.

Our Pathway sheet is listed by TSTC Campus location. Simply choose the TSTC Campus below, that is closest to your ISD, to explore the Dual Enrollment Opportunities in your area!
